## Instructions

The index sheet shows the location of each page of the pattern against the image. Most people either start at the top left of the fabric and pattern or match up the middle of the fabric with the middle of the pattern - this is marked on the pattern with the red and blue lines. If you fold your material in half, the folds will be along the red and blue lines and where they cross is the center-point of the pattern and material.

Whichever system you chose, remember to measure carefully, then measure it again to be sure so that you are confident that the image is going to be positioned correctly before you begin your stitching.

As well as the index sheet, each page of the pattern also shows the rows and columns of stitches in numbered groups of 10. Some patterns have a few stitches from the previous block to the left or top of the each page repeated and these are shaded in grey. These are just there to help you line up your work when starting a new page and should not be stitched twice. The end of each page also point to the page where the pattern continues (apart from the edges of the pattern).

The number of strands of floss to use will depend on the fabric you are using and your own personal preferences. We've provided examples of coverage using various thread counts on our website: <https://www.thread-bare.com/2017/04/29/examples-of-coverage-across-different-thread-counts>

The estimated fabric sizes are based on the finished stitched picture area and are based on stitching "over one" across your design. You should allow an additional 2-3 inches along each edge of your fabric to provide the extra material needed for framing.

This is a free chart provided by <https://www.thread-bare.com> for personal use only and is not for resale. It should not be copied or shared in any way except by linking to our website.

We hope you enjoy this pattern and would love to see pictures of your completed work or work-in-progress as you go. Please send any feedback or suggestions to [stitching@thread-bare.com](mailto:stitching@thread-bare.com) and be sure to like and follow us on Facebook for future designs.
